**Ankle-Arm Blood Pressure**

Inflate the cuff slowly until the pulse is no longer audible. Inflate to 30 mm Hg above the level at which pulse sound disappeared.

1. **Systolic Readings:**
   - **Right Side:**
     - RBRACH3 Right brachial
     - RDPEDIS3 Right dorsalis pedis
     - RPTIB3 Right posterior tibial
   - **Left Side:**
     - LDPELI Left dorsalis pedis
     - LPTIB3 Left posterior tibial
     - LBRACH3 Left brachial

2. **Procedure was:**
   - Completed successfully ➔ Skip to Technician ID
   - Not completed ➔ Continue to #3

3. **Reason procedure was not completed:**
   - RIGHT SIDE:
     - Unable to occlude
     - Ulceration
     - Amputation
     - Unable to locate DP
     - Unable to locate PT
     - Other: RLTXT3
   - LEFTSIDE:
     - Unable to occlude
     - Ulceration
     - Amputation
     - Unable to locate DP
     - Unable to locate PT
     - Other: LLTXT3
